

Ian Mills, Selected publications, November 2008

2008

Ian Mills and Martin Milton

Amount of substance and the mole, *Chemistry International* (in press, November 2008)

2007

R R Cohen, T Cvitaš, J G Frey, B Holmström, K Kuchitsu, R Marquardt, I M Mills, F Pavese, M Quack, J Stohner, H L Strauss, M Takami, and A J Thor

Quantities, Units and Symbols in Physical Chemistry, Third edition, pp.ix+180, IUPAC, RSC Publishing, 2007. ISBN 978-0-85404-433-7

2006

Ernst Göbel, Ian Mills, and Andrew Wallard

The International System of Units (SI): the SI Brochure, 8th Edition 2006 (in French and English) pp.180

published by the BIPM, May 2006 (3000 copies printed for distribution)

Also: Ernst Göbel, Ian Mills, and Andrew Wallard

A Concise Summary of the International System of Units

(in French and English) pp. 4 in English, 4 in French

published by the BIPM, May 2006 (6000 copies printed for distribution)

Ian M Mills, Peter J Mohr, Terry J Quinn, Barry N Taylor and Edwin R Williams,

Redefinition of the kilogram, ampere, kelvin and mole: a proposed approach to implementing CIPM recommendation 1 (CI-2005)

Metrologia 2006, **43**, 227-246

Ian Mills

Adapting the SI to the 21st century, *The VAM Bulletin*, Issue 35 – Autumn 2006

2005

Ian Mills

An update on the kilogram, *Chemistry International* 2005, **27**, 12-15

Also published in *The Australian Metrologist*, No.37 April 2006, 4-7 (2006)

Ian Mills and Christopher Morfey

On logarithmic ratio quantities and their units, *Metrologia* 2005, **42**, 246-252

Ian M Mills,

On defining base units in terms of fundamental constants

Molecular Physics 2005, **103**, 2989-2999

Ian M Mills, Peter J Mohr, Terry J Quinn, Barry N Taylor and Edwin R Williams

Redefinition of the kilogram: a decision whose time has come

Metrologia 2005, **42**, 71-80

2002

Ian Mills

The BIPM: Establishing standards in the physical sciences,
Chemistry International 2002 **24**,4-6.

2001

Ian M. Mills

Physical Quantities and Units, in *Recent Advances in Metrology and Fundamental Constants*,
T J Quinn, S Leschiutta and P Tavella, Eds.

Proceedings of the International School of Physics "Enrico Fermi" 2001, Course CXLVI,
published by the Italian Physical Society (IOS Press Amsterdam), p. 27-50. ISBN 1 58603 167 8
